Optimizing Comfort, Health & Energy Efficiency

Energy Audit Testing Logistics

During the testing of your home, we will need to have clear access to the following appliances, mechanical equipment, rooms and access covers.

1. Supply air registers – if furniture is covering any registers, please move the furniture so that we can test.
2. Return air grill(s) - if furniture is covering any registers, please move the furniture so that we can test.
3. All rooms – have pets secure, we will be opening and closing doors in all rooms.
4. Fireplace(s) – please clean-out all ashes.
5. Water heater(s).
6. Furnace(s).
7. Oven(s) and range-top(s).
8. Dryer.
9. All house fans – kitchen, bathrooms, etc.
10. Thermostat location and operation.
11. Attic access cover(s).
12. Crawlspace access cover(s).
